

DIRECTIONS – BY CAR

From Rt. 128, take the exit for Rt. 62 East (Elliott St.) into Beverly. The Cummings Center will be on your left in about 2 miles. Turn into the main entrance and drive straight past the information booth, keeping the 100 Building on your right. Continue through the narrow passage between the 800 and the 100 buildings. You will see a sign for Anthony's on your left, a fountain ahead as you make the turn, and to the right, a door marked 150J (big flag) with an adjacent playground for Bright Horizons daycare.

You may park in the lot opposite that door or in the 1 hour parking places near the building if you are not going to be staying for much more than an hour. **Enter through the door marked 150J.** Walk straight down the hall to the elevator on your left (marked 151D) – it's at the far end of the hall. Take the elevator to the 4th floor. Our main entrance will be directly in front of you when you exit the elevator - **Suite 451C.**

If you need to park in the garage at the back of the building, then enter at the door marked 166E at the very back of the 100 building. Walk straight down the hall about 50 yds to the first hallway intersection and turn left. Use the elevator on your left marked 151D. Take the elevator to the 4th floor. Our main entrance will be directly in front of you when you exit the elevator – **Suite 451C.**

DIRECTIONS – BY TRAIN

From the Beverly Depot, walk to the street behind the station and turn right. Continue walking past Federal Street until you reach Elliott Street (about 0.5 miles). You will see the Cummings Center directly across the street. Enter the 100 Building through the door marked 100E. Walk straight ahead until the hallway ends and turn right to find the elevator. Take the elevator to the 4th floor, turn right and continue walking toward the rear of the building. **Suite 451C** will be on your right. See the MTBA train schedule for service to the [Beverly Depot](#). Taxis are also available on Park Street in front of the station.

Bus service to the Cummings Center is available from the Salem Depot (see [schedule](#)). The bus enters the Cummings Center and stops in front of the 900 Building. Walk across to the 100 Building, enter the door marked 100E and follow the directions above.

NAVIGATING INSIDE CUMMINGS CENTER

Navigating the Cummings Center is easy once one knows that the suites are numbered according to a logical grid pattern. From the front of the 100 building, suite numbers run from south (low) to north (high) and the first digit denotes the floor. Letters run from east (right side along the railroad tracks) to west, A to Q. Please see the [Cummings Center map](#) for more information – the grid is shown along the top and right margins. The map shows doors labeled 150A, 150J, and 166E – all convenient entrances to use if arriving by car.
